WHO WE ARE

Founded in 1872, Virginia Tech lies in the heart of the Blue Ridge Mountains. We call Blacksburg home.

As a comprehensive, world-class research university reimagining how education and technology intersect, we are a dedicated community of students, professionals, researchers, and professors coming together to serve, innovate, and achieve.

A COMMITMENT TO SERVICE

- ▶ We're home to the largest collegiate Relay for Life fundraiser in the country with over \$6 million raised since 2000 for the American Cancer Society.
- ▶ Each spring, thousands of Hokies give back to the local community through The Big Event as they complete over 1,200 service projects.
- ▶ Members of the Virginia Tech Corps of Cadets live the leadership experience 24/7 and stand ready to serve.
- ▶ Virginia Tech's Campus Kitchen has diverted over 263,000 pounds of unserved food from the dining halls to local hunger relief agencies since 2015.

**#10 MOST ENGAGED IN
COMMUNITY SERVICE**

WHERE WE ARE

Nestled in the beautiful New River Valley amongst the backdrop of Virginia's Blue Ridge Mountains, Blacksburg offers students and residents a true college-town experience. Campus is just a short walk from a lively downtown scene filled with unique restaurants, boutiques, and activities. Whether it be festivals, hiking, the farmers market, or concerts, there is always something fun to enjoy in Blacksburg.

COME VISIT

What's the best way to try Virginia Tech on for size? Visit! You have an open invitation to come see the university. We host large-scale visit events several times throughout the year, so you can learn about academics, student support services, global education options, and much more in just one day. Or you can schedule a daily visit on a weekday when classes are in session. A daily visit includes an admissions information session and a student-guided campus tour. You can also add a college-specific information session! Can't make it to Blacksburg? That's OK! Transfers can take part in numerous virtual programs and services offered throughout the year, and you can even take a virtual campus tour online anytime.

IN-PERSON EVENTS

[VT.EDU/TVIEWBOOK/EVENTS](https://vt.edu/tviewbook/events)

DAILY VISIT (additional special transfer-focused sessions offered on select days)

CALENDAR OF EVENTS**

YOUR JOURNEY SO FAR COUNTS

Transfer your experience. The time you've already spent in college will have tremendous value here, even if your school doesn't look like Virginia Tech. You've learned valuable skills that will give you an edge, and you want to take those skills as far as you can.

RESOURCES TO GET YOU WHERE YOU WANT TO GO

Completing foundational college coursework specific to your intended major is key to presenting a competitive transfer application. See requirements and recommendations for each transfer program on our Admissions Transfer Roadmaps.

[VT.EDU/TVIEWBOOK/ROADMAPS](https://vt.edu/tviewbook/roadmaps)

Want to see how your coursework could transfer to Virginia Tech? Check out the equivalency databases for evaluated coursework on our Registrar's Transfer Guide at:

[VT.EDU/TVIEWBOOK/GUIDE](https://vt.edu/tviewbook/guide)

Need some additional assistance with your transfer planning? Schedule an appointment with our Admissions and Advising team through the Hokie Corner Program. Virtual appointments are open to all prospective transfer students and in-person options are available to those studying at select partner community colleges.

[VT.EDU/TVIEWBOOK/HOKIECORNER](https://vt.edu/tviewbook/hokiecorner)

GROW INTO YOUR NEW ROLE

The Hokie Transfer Community is a collection of resources, support services, and student-led programming designed to help new transfer students transition to campus and build community. Learn the ropes from a transfer mentor, get help with your classes, meet and have fun with other transfers, and more!

VT.EDU/TVIEWBOOK/HTC

I wanted a community of other people that were in a situation like myself that I could talk to and make friends with. I learned how to converse with others much better than before. Having that sense of community let me feel more comfortable not just talking to people within the LLC, but also outside it. The transfer LLC is a tight knit community that is full of wonderful people. Even if you think you might not talk to people outside your dorm, they will come to you and make sure you feel welcomed. I truly think this is the best LLC to live in.

Alex Lee
Electrical and Computer Engineering, 2024

TRANSFER EXPERIENCE

A VIRGINIA TECH® LIVING-
LEARNING COMMUNITY

FOCUSED LIVING

Transfer students looking to experience on-campus living and build community with fellow Hokie transfers should apply to our Transfer Experience Living-Learning Community (TE LLC).

[VT.EDU/TVIEWBOOK/LLC](https://vt.edu/tviewbook/llc)

Many transfer students, as with most upperclassmen, live off campus. There are countless choices for off-campus housing, with options to fit a wide array of budgets and preferred amenities, all with convenient access to campus.

[VT.EDU/TVIEWBOOK/OFFCAMPUS](https://vt.edu/tviewbook/offcampus)

"One of the best decisions that I've ever made was to join the Transfer Experience LLC. This amazing program gave me the opportunity to feel right at home when I first came to Virginia Tech as a transfer student. Transfer Experience made me feel like I belonged and that I was a part of such an amazing community, not only did this community give me life-long friendships it also gave me countless professional development opportunities. I am a strong believer that joining the Transfer Experience LLC was a key to my success here at Virginia Tech and I could not be more grateful to have had the opportunity to experience a program as amazing and impactful as this one."

Andrea Mota
Psychology, 2024

STUDENT LIFE

With over 900 clubs and organizations to choose from, you are sure to find your community as a Hokie. Explore your options at Gobblerfest each year - a festival at the center of campus dedicated to clubs and organizations. You will find clubs and organizations related to:

- » Academics
- » Belonging and Inclusion
- » Special Interests
- » Fraternity and Sorority Life
- » Recreational Sports
- » Religion and Spirituality
- » Technology

Use the QR code below to explore all of our offerings.

DINING SERVICES

Experience the culinary excellence of Virginia Tech's Dining Services, where our menus are crafted to satisfy every appetite. Ranked No. 2 for Best College Food in America, you'll discover a variety of delightful options, from the fast-casual delights of West End to the award-winning D2 dining experience.

We are excited for you to be a part of the Hokie community and can't wait for you to experience the finest dining choices available on our campus.

Learn more today at: dining.vt.edu

EVENTS

Every semester curated special events are held in our dining centers. Our special events can range from fine dining with entertainment, to culinary tastings with our executive chefs in one of our award-winning shops.

Dining Services takes pride in its Hokie traditions that run deep within our community, like the annual week-long Chili Challenge, Oyster Day, Sustainability Tour, and many other great occasions.

For the latest updates on our special events please visit dining.vt.edu/dining_events and follow us @hokiedining on social media.

DEADLINES

*Dates are current as of publication. For the most up-to-date deadlines visit the link below.

[VT.EDU/TVIEWBOOK/DEADLINES](https://www.vt.edu/tviewbook/deadlines)

***SUMMER/FALL ENTRY**

Application deadline: March 1

Notification in mid-April

Decide by: May 15 (Summer), June 1 (Fall)

***SPRING ENTRY**

SUBJECT TO PROGRAM AVAILABILITY AND CAPACITIES

Application deadline: October 1

Notification in early-November

Decide by: December 1

*Deadlines both domestic and international

GENERAL SCHOLARSHIP DEADLINE

Application deadline: January 22

Transfer applicants must have applied for admission by around January 15 in order to complete the General Scholarship Application before the deadline. Missing this deadline could impact eligibility for certain scholarships.

FAFSA

Priority deadline: March 1

Completion by January 22nd is strongly encouraged. Transfer applicants should ensure Virginia Tech is listed in the updated FAFSA along with their current institution.

Be sure to complete both the 2024-2025 FAFSA and the Virginia Tech's General Scholarship Application prior to January 22, 2024 for maximum aid consideration.

FINANCIAL AID AND SCHOLARSHIPS

Both the General Scholarship Application and the FAFSA must be completed by January 22 for maximum aid consideration. Please note that the application for admission must be submitted to gain access to the General Scholarship Application. Transfers should apply for admission by January 15 to have time to meet the General Scholarship Application deadline.

COST OF ATTENDANCE

****IN-STATE COST:***

****OUT-OF-STATE COST:***

Tuition and Fees: \$36,694

Room and Board: \$14,888

Additional Costs (Books, Supplies, Personal, Transportation, etc.): \$7,168

Total for out-of-state: \$58,750

***Above costs are estimates. Room and Board figures are for on-campus housing options. For the most up-to-date costs, scan the QR code or visit the link below.**

VT.EDU/VIEWBOOK/COST

****PROGRAM FEES:***

College of Agriculture and Life Sciences and all Biochemistry majors: \$750 per year

College of Architecture, Arts, and Design with majors in Architecture, Industrial Design, Interior Design, and Landscape Architecture: **\$1,500 per year**

Building Construction: \$2,000 per year

College of Engineering: \$2,000 per year

Pamplin College of Business: \$2,550 per year

Program fees are subject to change.

APPLY IN 3 EASY STEPS

APPLY HERE ▶

For step-by-step guidance through each part of the admissions process, visit this link: vt.edu/admissions/transfer/checklist

STEP 1

Submit your application online through Common App.

Prospective transfer students will use the Common App to submit the admissions application. There are six available Virginia Tech transfer applications—referred to as “programs” in Common App. You will select the appropriate application/program based on intended entry term and citizenship status.

STEP 2

Submit your academic materials.

After your admissions application has been submitted and processed, you will receive an email with instructions to create your Applicant Portal. From your applicant portal, you will be able to complete your Self-Reported Academic Record (SRAR), which will detail your complete academic history at the college or university level. This takes the place of transcripts for most applicants and will be used when reviewing your application. SRAR and supplemental materials submissions deadlines are typically one week after the final admissions application deadline for the planned entry team.

STEP 3

Check your email while you wait for your decision.

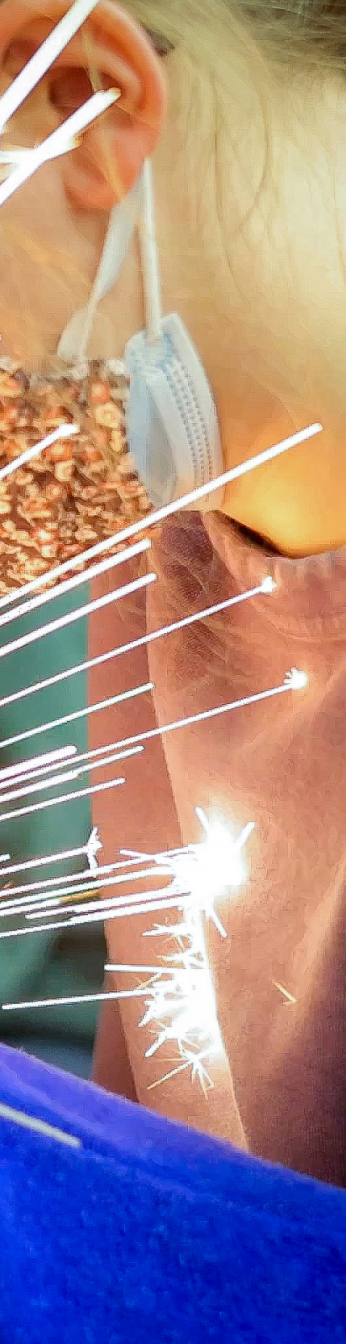

Checking your email is an important part of the application process as it is our official way to communicate with you regarding your application. We will send you application updates, reminders of upcoming deadlines related to admissions and financial aid, invite you to upcoming events on campus or near your hometown, and more.

BROADEN YOUR EXPERIENCE

You aren't one-dimensional, so your academic experience shouldn't be either. Customize it! Add an element of research. Apply it with an internship or a co-op, where you put your classroom knowledge to work. Extend yourself by studying abroad. See who you become when you go beyond boundaries.

SUMMER START

Kickoff your Hokie experience with Summer Start, a six-week residential program designed to support your academic and social transition to Virginia Tech. In Summer Start, you'll choose from a selection of academic tracks and earn six credit hours toward your degree. Plus, you'll learn your way around campus and the community as you engage in various activities with fellow Hokies and our Summer Start staff. Summer Start is a great opportunity to meet Virginia Tech faculty and staff, develop lasting friendships, and familiarize yourself with resources that will have you entering the fall term primed for success. Financial aid is available for eligible applicants.

THE HONORS COLLEGE

Elevate your undergraduate experience through unique and innovative pathways to learning in the Virginia Tech Honors College. An Honors College education challenges highly motivated students to cultivate knowledge and develop problem-solving skills through diverse collaborations and transdisciplinary teamwork. As an Honors College student, you'll work with industry, non-profit, government, and university partners to discover solutions to complex, real-world issues. You'll also have access to the Presidential Global Scholars Program, honors merit scholarships, honors living-learning communities, and leadership opportunities. Scan the QR code to learn more and imagine your own Honors journey.

CO-OPS AND INTERNSHIPS

Co-op: A cooperative education experience, commonly known as a “co-op,” provides academic credit for structured job experience.

Internship: An internship is an opportunity offered by an employer to potential employees, called interns, to work at a firm or business for a fixed period of time.

RESEARCH

As Virginia’s leading research institution, Virginia Tech is focused on involving all students in the pursuit and discovery of new knowledge. Research can be lab-based. It can take place out in the field. You might work to understand the past, or maybe even forecast the future. No matter what you’re studying, there’s a role for you in our top 50-ranked research enterprise.

[VT.EDU/TVIEWBOOK/RESEARCH](https://vt.edu/tviewbook/research)

There are similarities and there are differences, but either way you’ll get great experience that will pay off in landing that first job. And Virginia Tech makes getting plugged in easy, through Career and Professional Development. The team brings hundreds of companies and firms to the university each year, so you can connect right on your own campus. **Ninety-three percent of students get career-related experience during their time at Virginia Tech.** Real-world experience that leads to real-world careers.

[VT.EDU/TVIEWBOOK/INTERNSHIPS](https://vt.edu/tviewbook/internships)

Photo by Maya Nguyen-Tuong
Major: Marketing, 2023
Destination: Lugano, Switzerland

STUDY ABROAD

Challenge yourself to experience life in a different way. The opportunity to travel, learn, and grow starts in Virginia Tech's Global Education Office. Students study everywhere from Antarctica to Zimbabwe and on all seven continents. Virginia Tech even has its own international campus located in Riva San Vitale, Switzerland! The university offers 70 faculty-led study abroad programs and maintains exchange partnerships with 60 universities around the world. In programs that cover every academic major, you can expand your view and become a citizen of the world through study abroad.

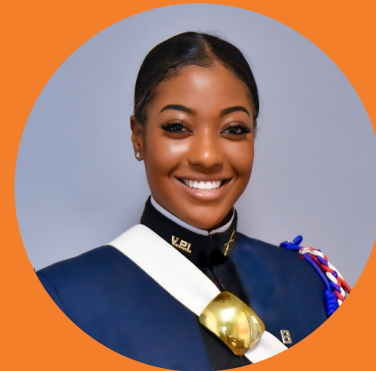

[VT.EDU/TVIEWBOOK/ABROAD](https://vt.edu/tviewbook/abroad)

CORPS OF CADETS

Brotherhood, Honor, Leadership, Sacrifice, Service, Loyalty, Duty, and Ut Prosim. These characteristics are the foundation of the university, and members of the Virginia Tech Corps of Cadets live them out every day. The world needs great leaders, and the mission of the corps is to help nurture and create them. All cadets participate in the corps and join one of two tracks. The Military Track is made up of the Army, Naval (including the Marine Corps), and Air Force (including U.S. Space Force) ROTCs and they make up about 75% of the corps. The Citizen-Leader Track, for cadets pursuing promising careers outside of the military, makes up 25% of the corps. Joining the corps is commitment to developing practical, ethical leadership skills throughout your time at Virginia Tech. Whether serving in the armed forces or working as civilians, graduates of the program are making a difference in the world.

[VT.EDU/VIEWBOOK/VTCC](https://vt.edu/viewbook/vtcc)

"I encourage you to challenge yourself and to not give up if you ever doubt yourself. Drive into the unknown. Recognize the fear of being uncomfortable and recognize how to navigate above it."

*Brooke L. Johnson, Regimental Commander
Animal and Poultry Sciences, 2023*

WE'RE HERE FOR YOU

THROUGHOUT YOUR JOURNEY

ACADEMIC ADVISING

Virginia Tech is committed to providing you with focused academic advising, where success is built on a platform of shared responsibility between you, your advisor, and the university. From day one, you are assigned an academic advisor to help facilitate your progress throughout your time at Virginia Tech and through graduation. Making informed and responsible academic and career decisions is critical to your success, and with the help of responsive professional and faculty advisors, you will be better equipped to take the lead in reaching your academic goals.

VT.EDU/TVIEWBOOK/ADVISING

STUDENT WELL-BEING

Live your best life! We encourage and empower Hokies to take an active role in their well-being. Our health and wellness departments provide support and resources in areas of mental health, physical health, substance misuse, financial wellness, physical activity, healthy relationships, and more. Additionally, Student Affairs is launching a bold vision to re-imagine the residential experience with an innovative residential well-being model that includes the use of embedded counselors and well-being and inclusion coordinators to promote well-being, student success, and inclusion.

[VT.EDU/VIEWBOOK/WELLNESS](https://vt.edu/viewbook/wellness)

INCLUSION & BELONGING

At Virginia Tech, we believe that the collaboration of cultures, ideas, and different perspectives is a university asset that brings forth greater creativity, innovation, and learning. Inclusion & Belonging programs allow students to develop meaningful relationships, build competencies and skills, recognize and value the diversity that is present within the Hokie Nation, and learn to live the Principles of Community. Cultural and Community Centers provide additional opportunities for students to engage in a safe, inclusive environment and develop an appreciation for cultural differences.

[VT.EDU/VIEWBOOK/BELONGING](https://vt.edu/viewbook/belonging)

GRADUATION AND CAREER

It all leads to this: the best day of the Hokie year. Virginia Tech graduates set out to claim their roles in making the world a better place. They are job-ready from day one. Hokies hire Hokies around the world, and Career and Professional Development at Virginia Tech is there to help recent alumni grow their career paths beyond graduation day.

- ▶ **87% Graduation Rate (national average: 62%)***

**ONCE A
HOKIE,
ALWAYS A
HOKIE**

There is a reason why Virginia Tech is consistently top-ranked for students and alumni who love their university. The Hokie Nation is a strongly interwoven community. As a Virginia Tech student, you can find alumni support before, during, and after your college experience. Before attending Virginia Tech, accepted students can find send-off events and scholarship opportunities hosted by their local Hokie alumni chapter. During and after your time at Virginia Tech, alumni provide additional scholarships, research and internship opportunities, and career connections. Virginia Tech supports our alumni throughout their lives by providing resources and services after their graduation. Know that no matter where you are in the world and in life, you will always have a Hokie nearby, rooting for your success and cheering you on.

"Through my time at Virginia Tech I've learned to be my best self through mentoring and being involved on campus. I've served many roles on this campus and these roles allowed me to mature and develop professionally in ways freshman year me wouldn't believe. Being a Virginia Tech graduate is being a part of a family that nurtured me and put me on a path to success! Go Hokies!"

Shantell Lewis

MAJORS

Majors available to transfer students are noted in the list on the right. All prospective transfer students interested in a discipline in the College of Engineering (including Computer Science and Computer Engineering) will now apply and be admitted directly to that major. Not all majors are available for every entry term and a specific entry term is recommended for some programs. Major availability may vary from year to year.

Majors are current as of publication. For the most up-to-date majors list and entry term availability, go to:

VT.EDU/TVIEWBOOK/MAJORS

Advising programs: Students interested in pre-professional preparation in areas such as medicine, dentistry, physical therapy, pharmacy, veterinary studies, and law may choose any major in any college, and may arrange to work with the appropriate pre-professional advisor to prepare for application and admission to the professional school of their choice.
